

New sidewalks leading to the Indian River Lagoon

Improved electric and addition of new fans under the pavilion

Gorgeous landscaping to enhance the grounds

Dear Friends,

We at Field Manor are grateful for your past support and dedication to our preservation efforts. Although it's has been awhile since we have heard from you, we hope we can count on your support to help us maintain and protect this historic landmark.

In 2023, member contributions allowed us to improve the grounds by installing new sidewalks and enhancing the landscaping, as well as upgrade electrical issues and the installation of new ceiling fans under our 40'x60' pavilion. Imagine what else we could accomplish with your membership!

Please feel free to share this email with like-minded people interested in preserving Florida's pioneer past.

Sincerely,
The Field Manor Team
